### COMMISSIONERS REVIEW RULING ON FREIGHT RATES

#### RAIL BOARD HANDS DOWN REASONS FOR JUDGMENT ON RATES

Review in Detail Hearings Throughout Canada, With the Conclusions Arrived at by Each Commissioner; Oliver Differs on Some Points From Other Members

Ottawa, Sept. 21.—Reasons for judgment in the general freight rates case were made public to-day by the Board of Railway Commissioners. The judgment itself was handed down on August 26, following an extensive investigation of railway freight rates throughout the Dominion. The judgment provided more or less extensive reductions in rates on grain and other commodities for export.

The reasons issued to-day cover 200 pages and review in detail the hearings in the different parts of Canada, together with the conclusions arrived at by each of the commissioners. In the main, Chief Commissioner E. A. McKewen, Assistant Chief Commissioner McLean and Commissioners Vein, Boyce and Lawrence are in agreement on the main points covered in the August judgment, namely, transcontinental rate scales terminal tariffs; different standard mileages, East and West, and domestic grain rates to British Columbia.

Commissioner Oliver submits a number of conclusions differing somewhat from those of other members of the board. A schedule dealing with eighty various individual applications is being prepared, and will be issued by the board within the next week.

Chief Commissioner McKewen, in his reasons now issued, sets out the following conclusions: "From a consideration of all that is involved in the above discussion, I have arrived at the conclusion that the following features of the present freight rates system necessitate alteration in order to effect the establishment of a fair and reasonable structure which will in substantially similar circumstances and conditions, be equal in its application to all persons and localities and permit of the freest possible exchange of commodities between the various provinces of the Dominion and the expansion of its trade both foreign and domestic, namely:

**GRAIN RATES**  
"1. The export grain rates over the National Transcontinental to Eastern Canada reports from the point of origin to the point of destination should be the same by way of Canadian ports as by way of United States ports.

"2. The mountain differential against the Pacific districts should be abolished.

"3. The Western grain and flour rates to Fort William and Port Arthur should be equalized to the present Canadian Pacific main line basis of rates which should be extended to all Canadian Pacific branch lines from points of equivalent mileage routings and all other railway companies should be directed to adjust their grain and flour rates to Fort William and Port Arthur to the rates so put into effect by the C.P.R.

"4. The town tariffs directed in the judgment of the Western rates case as regards the C.P.R. should be made applicable to all railways.

The Chief Commissioner favored the removal of the mountain differential whereas Commissioner Boyce is opposed to it.

#### CITY ASKS CHANGE IN ELEVATOR PLANS

#### Use of Reinforced Concrete For Workhouse Cupola and Division of Bins Requested

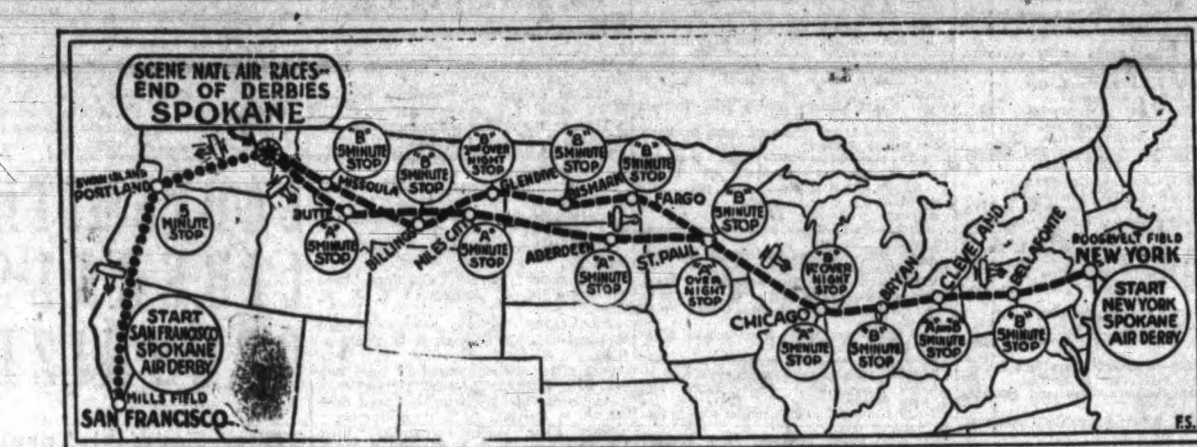

Changes asked by C. D. Howe & Company, inspecting the plans for the Panama Pacific Grain Terminal Limited Ogden Point elevator, have been brought to the attention of John S. Metcalf & Company, the designers. It was learned at the City Hall to-day.

These changes include the substitution of reinforced concrete for structural steel for the workhouse cupola, with the necessary garner changes that involve, the division into quarters of the storage interspace bins; and the provision of valve, turnhead and weighing spout at each of the four shipping bins in the storage house.

These changes will be made in the plans by the John S. Metcalf Company, the city has been assured, together with the necessary alterations to the specifications. Work of reviewing the plans for the elevator is proceeding and it is believed that the changes mentioned in the layout plans will be approved.

The preparation of the necessary construction agreements will follow the final ratification of the amended plans. The altered plans will go forward from the designers to the city's supervising engineer in a few days.

Ottawa, Sept. 21.—Production of automobiles in Canada during August totaled 12,326 cars, an increase of 13 per cent over the output of 10,987 in July, which was the lowest month this year, but 18 per cent under the 15,261 cars reported for August of a year ago.

#### NEW ZEALAND ADOPTS NAVAL PROGRAMME

Chief Feature is Contribution to Singapore Naval Base

Wellington, N.Z., Sept. 21.—Premier Coates to-day introduced in the House of Representatives the Government's naval defence proposals whose chief feature is a contribution by New Zealand to the Singapore naval base. The Premier said that the proposals would bring New Zealand's expenditure on naval defence up to ten shillings (about \$2.50) per capita. No effort to Japan was contemplated in any way by the construction of the Singapore base, he said, adding that Japan's action in the Great War had been unfortunate, especially the visit of Japanese warships to New Zealand waters to assist in the conveying of troops.

Considering the long trade routes to be defended by Great Britain, Premier Coates said, New Zealand was going to shoulder a fair share of the Imperial budget.

The proposals were adopted by the House 51 to 10.

## IRISH GOVERNMENT PLANS TO CARRY ON

President Cosgrave's Party Expects Another Year of Life at Least

Member of Farmers' Party May be Offered Portfolio

Dublin, Sept. 21.—President Cosgrave's Free State government, despite the disappointing outcome of the parliamentary elections, intends to carry on with the expectation of at least a year of life. In making this announcement Hon. Ernest Blythe, vice-president of the council, stated that a new loan would be floated in December. The ministers, all of whom were re-elected, are confident, it may be taken from this, that when the new Dail convenes on October 11, it will approve the continuance of Mr. Cosgrave as president of the council, and that he will accept the mandate.

### FARMERS UNCERTAIN

There is no doubt, observers say, that such an outcome would meet with the wishes of the business community throughout the Free State, regardless of political affiliations. It is realized, however, that the administration will have to go slowly, and that its success will depend on how far it is able to carry with it one or more of the smaller groups in the Dail. Although the farmers with six deputies and the Independents with twelve, are commonly ranked as government supporters in the Dail, their attitude is not one of solid adhesion.

In fact, P. F. Baxter, leader of the Farmers Party, who lost his seat in the election, is quoted as saying at Cavan yesterday that as President Cosgrave had not secured a definite mandate from the country, the alternative was to make way for the Flanna Fall and give Edmond de Valera a chance to prove his policy practicable.

Whatever the line the Farmers take, it is regarded as certain that the Independents will never commit themselves to an alliance with the Government while some of them are believed to be much more strongly inclined to oppose it.

### FIVE MAJORITY

The government's majority, with the support of both the Farmers and Independents would be only five, as Mr. Cosgrave, although elected for two consecutive terms, possesses only one vote. It is thought that in seeking to strengthen its position the administration may try to attract the support of the Laborites, hitherto reckoned among the

## IT IS WITHIN YOUR POWER TO ENJOY HEALTH

Hundreds Know That Stomach, Liver, Kidney and Bowel Ailments Can Be Relieved by the Husky Treatment

It is within the power of every man and woman to rid themselves of suffering and to enjoy health if they are afflicted with stomach, liver, kidney or bowel ailments or many of mankind's common ills. Health is within your power if you will turn to Husky, the true medicine, distributed by the MacFarlane Drug Co.

Through the use of Husky hundreds are enjoying relief from stomach, liver, kidney and bowel ailments and such common ills as headache, dizziness, indigestion, gas and sour stomach, constipation, rheumatic pains, nervousness, unsteady sleep and weak, tired feelings. Hundreds in Victoria and vicinity know that Husky gives this relief and one of this number is Mrs. Jacob Chippa, who resides in Esquimalt. She has the following to say of her

MRS. IRENE TODD

Another remarkable Husky experience is that enjoyed by Mrs. Todd, who through the use of this preparation has gained relief from sour stomach, gas and other digestive troubles, which afflicted her for eighteen years.

own experience with Husky: "I was suffering from constipation and indigestion, and was feeling just as bad as these troubles can make one feel. No food seemed to agree, and when I ate a meal I knew suffering was going to follow. I had never dined so often felt so weak and tired that I didn't want to move."

"I suffered for a long time before I tried Husky, but now I agree with the other Husky users that this is a wonderful medicine. It has given me real relief from my troubles and even the dizziness doesn't appear any more. I am really feeling like a different person, and I know others will speak of Husky just as highly as I do when they give it a trial."

permanent opposition, but there is nothing definite yet. The position at the moment, therefore, is that Cosgrave is prepared to take the reins of office with a small majority if the Dail confirms him in the presidency. In the contrary event, de Valera is ready to accept the post. Asked whether, if Cosgrave offered to turn the government over to him, he would accept, the Flanna Fall leader replied: "Certainly would accept and form a government. Why not?"

## CANADIANS BID \$3,000,000 OVER ENGLISH TENDER

Cammell Laird and Company Secure Contract For Three New Canadian Ships

Indicative of one outstanding reason why more Canadian ships are not built in Canada is the result of the tenders called for construction of three combined passenger and freight steamers for the Canadian Government Merchant Marine recently.

Cammell, Laird & Company, of Birkenhead, secured the contract for the three vessels which are to be used in the West Indies service from Eastern Canada. The accepted tender was \$3,840,000, while the lowest tender entered by a Canadian firm was \$6,820,000—a difference of \$3,000,000.

## COMMISSIONERS REVIEW RULING ON FREIGHT RATES

(Continued from page 1)

### TRANSCONTINENTAL SCALE

Regarding the transcontinental rate scale, terminal tariffs and different standard mileages east and west, Chief Commissioner McKee said no reasons had been urged sufficient to make it advisable that these should be eliminated or changed, as urged by various petitioners.

Assistant Chief Commissioner McLean, after a resume of the whole question concluded by saying he agreed in the rulings set out in the judgment of the Chief Commissioner in regard to the transcontinental rate scale, terminal tariffs, different standard mileages east and west, and domestic grain rates to British Columbia.

Commissioner Vien said he entirely adopted the reasoning of the Chief Commissioner as to extension to the C.P.R. main line of rates on grain and flour to Port William and Vancouver for export and as to directions given other railways to adjust their rates accordingly and also as to extension to the C.N.R. of provisions of the judgment in the western case in regard to distributing tariffs as well as disposition made in regard to transcontinental rates and terminal rates from Port William and Vancouver.

### WOULD DENY APPLICATION

"I am also of the opinion that the application to reduce rates on grain westbound for domestic consumption to the level of rates on grain westbound for export should be dismissed."

In the course of his conclusions, Commissioner Boyce said: "I am opposed to the removal of the mountain differential rates, and to the extension of Crown's Nest rates, or any export rates built up on, or on a parity with those rates from Armstrong, Port William, or Port Arthur. To the Maritime ports and those applications fail, and should be dismissed."

"As to export grain rates westward to Pacific ports, for the reasons stated I think that the logical basis of rates is that prescribed by the board in its 1923 judgment I have referred to. If these rates were to be put up on the same basis as rates eastward to Port William, Canadian National mileage, from Vancouver to Vancouver, should govern the C.P.R. rate, Calgary to Vancouver—766 miles.

### TO WESTERN POINTS

"I am willing, under the special circumstances shown, though with some misgivings, that the Canadian National Railway be ordered to publish a tariff, showing a rate of 12¢ per 100 pounds on export grain from Port Arthur, Fort William, West Port and Armstrong, Ont., to the City of Quebec, and that all railways file tariff showing the same export rates to Quebec port as to Montreal on export grain from Bay points and all export traffic from Toronto and points west thereof."

"In making these observations I have endeavored to keep in view that the investigation required to be made by the order-in-council of the Canadian freight rates structure calls only for the conclusions of the board as the body constituted under the Railway Act 'with full power to fix, determine and enforce just and reasonable rates.' No question of public policy is within the scope of the investigation."

The duty of the board is confined to its administrative functions under the act, as that act is binding upon it by the paramount power of Parliament.

## BROTHER OF HUERTA FACES FIRING SQUAD

Relative of Former President Executed, Attorney Says

Tucson, Ariz., Sept. 21.—George G. Hillinger, local attorney, returning from Nogales, declared he had received information there from sources which he believed to be authentic, of the execution of Alfonso de la Huerta, younger brother of former Provisional President Adolfo de la Huerta of Mexico.

Hillinger said his report was that de la Huerta was shot by firing squad last Thursday by order of Mexican Federal army officers.

## Masked Men Raid Bank in Montreal

Montreal, Sept. 21.—Three masked men early this afternoon held up employees of the branch of the Bank of Montreal, at Papineau Avenue and St. Catherine Street East, locked them in a vault and escaped with a sum estimated at between \$4,000 and \$6,000. The bandits escaped in an automobile.

## KOENIGKE REACHES FIRST FLIGHT STAGE

Arrives at Turkey on Flight to United States by Way of Orient

Angora, Turkey, Sept. 21.—Lieut. Koenigke, piloting the Caspar biplane, Germany, on a flight to the United States by way of the Orient, landed here to-day, completing the first stage of the flight.

Lieut. Koenigke, who left Cologne, Germany, at 2:22 p.m. yesterday (German time) arrived at Angora at 8:30 o'clock this morning. The weather was perfect. He left Germany in his Caspar biplane, the Germania, with two companions, after being balked for more than five weeks in his long prepared for flight across the Atlantic by unfavorable weather. He now proposes to cheat this by attempting to reach the goal from the other direction.

His first stop at Angora, was no mean performance in itself as it calls for a non-stop flight of roughly 1,500 miles. After Angora, Koenigke will be guided by weather conditions. And how he proposes to reach his way in his one motored land plane to the barren Aleutian Islands, from which he hopes to reach San Francisco is not yet determined.

The Koenigke hop off has been so often postponed and the final decision to start was so sudden that the Cologne airfield was almost deserted except for Lord Mayor Adenauer and some officials.

Johannes Hermann, the plane's radio operator, was the first to climb into the machine. Captain Koenigke and Count George Cedric Solms-Laubach, his financial backer, followed and then bid fond adieu to their respective wives.

The Germania after circling the city as a farewell gesture, roared eastward with a following west wind. It was to follow the Danube, which would serve to mark the route toward Turkey's new capital.

## Buggy Manufacturers Fight Tariff Cut

Ottawa, Sept. 21.—Manufacturers of buggies and cutters to-day protested to the tariff board against the application of the Consumers League for a reduction of the duty on these articles. The manufacturers asked that the present duty be retained and that the sales be removed. This would save the purchaser four to six dollars on buggies and \$1.50 to \$3 on cutters. Approximately 3,200 buggies were sold in Canada every year, it was stated.

R. J. Deuchman of the Consumers League, argued that the existing tariff was more than enough to protect the industry. A buggy that cost \$96 in the United States cost \$109 in Canada.

## AEROPLANES STRUNG OUT IN U.S. AIR RACES

(Continued from page 1)

tel first day's flying was E. E. Ballough of Chicago, who had a passenger in Colonel Charles V. Dickinson, sixty-nine-year-old air enthusiast of Chicago. They made the flight from New York to St. Paul in nine hours and nine minutes, nineteen minutes ahead of the field.

In the class B race, Leslie Miller of Des Moines, Ia., flying a St. Paul, Minn., plane, and C. A. Meyers of Detroit were in a virtual tie for first place, unofficial ratings of their flights so far as Glendale indicated.

One class B plane was missing to-day and fears were expressed for the safety of A. B. Banks of Philadelphia, who took off at Chicago yesterday at 11:27 a.m. Gerald Smith of Tacoma, Wash., unreported last night after he left St. Paul, reached Fargo, N.D., this morning and left again a few minutes later. Five class B planes spent the night at Fargo, leaving there before daylight.

### STARTING TO-DAY

Roosevelt Field, N.Y., Sept. 21.—An international aeroplane race between Canada and the United States, starting from here Wednesday and ending at Spokane on Thursday, was anticipated here to-day as the climax of the national air derby being held at a feature of the air meet at Spokane. At least two planes, Duke Schiller's Royal Windsor, from Windsor, Ont., and Eddie Stinson's Detroit, were expected to start in the race, which is to be a non-stop one for a first prize of \$10,000 and a second prize of \$5,000.

There was a possibility late to-day, moreover, that two more competitors would fly in the cross-country grind, bringing the total up to four racers. Officials here were advised by telegram that Pilot Rand, flying the monoplane Miss Southern California from San Diego, would arrive here late to-day in preparation for the start of the non-stop flight to-morrow. E. Mulligan, motor expert for the Wright Aeronautical Company, also received a telegram stating that Glenn J. Roney of Los Angeles, Cal., would start the Roney reported to have left Los Angeles for Roosevelt Field this afternoon.

### STINSON AGAINST STINSON

To-morrow's race promises to be unique because Stinson, in training to beat Schiller, will be competing against a plane designed and built by himself. The Royal Windsor was designed by Schiller and Phil Wood from Windsor, Canada, to Windsor, England. The proposed Windsor-to-Windsor hop, however, was cancelled recently because of the agitation against transoceanic flights arising from the loss of lives in such flights over the Atlantic and Pacific.

Discussing the forthcoming race to-day, Stinson told newspapermen he would fly alone, a climb of 100 miles, about 2,300 miles. He said he would follow a great circle course which, he explained, would really be a straight line across the continent. This course would take him over Canada on the stretch between Buffalo and Detroit.

Stinson said, however, that his plane would not pass over principal cities en route. He will pass Buffalo forty miles to the south and will fly about 100 miles north of Detroit.

Continuing his remarks, he said he would cruise at about 100 miles an hour, air speed, but that this speed may be reduced because of head winds. He will start off with from 400 to 500 gallons of gasoline, 550 of which will be in seventy-five-gallon tins. Asked how he felt about racing against one of his own planes, Stinson

son, who himself is to fly a Stinson-Detroit, grinned and said: "I'll be sorry to have to beat one of my own ships, but at the same time I'm going to win it."

Stinson will take Fred Koehler of Detroit along as relief pilot and navigator. He said his plane would weigh 6,000 pounds at the start of the race, which would be 400 pounds heavier than Schiller's.

The Husky Canadian flier was equally confident of winning the laurels for Windsor, Ont., in the race. He said he would fly along a course a little to the south of that which Stinson will follow.

Schiller said he would have 375 to 400 gallons of gasoline in his tanks at the take-off along the route to Spokane, he said, he will drop messages, written beforehand, with streamers at various points. These messages will contain instructions to whoever finds them to send telegrams to an aeroplane company at Garden City.

Both Stinson and Schiller were undecided as to their method of taking off to-day, but they said they might use the mound at the eastern end of the runway that was constructed especially to enable Commander Richard E. Byrd's monoplane America to take off on its flight to France in June.

Stinson said that after the air races at Spokane, he will make a pathfinder

tour of various cities in preparation for next year's aeroplane reliability contest. He will visit Los Angeles, San Diego, El Paso, Dallas, St. Louis and Kansas City, he said, taking officials of the 1928 reliability tour along as passengers.

### First United Bible Class Celebrates Member's Majority

An interesting event took place on Friday evening when a large group of young men representing the Onwego Bible Class of First United Church of this city were the guests of Mrs. and Mr. J. Peatt of 889 Craigflower Road, the occasion being a party given in honor of the twenty-first birthday anniversary of their son, Wilbert J. Peatt.

Games were indulged in and music furnished by the class orchestra. After a brief business session, the guests adjourned to the dining-room, which had been tastefully arranged for the occasion, including a three-tier birthday cake. Toasts were drunk to the guest of honor and to the host and hostess, the former being the recipient of some beautiful gifts, including a gold watch from his parents, gold pen and pencil from the Misses Moore and a gold pencil from the Onwego Bible Class, of which he has been a member for five years.

This organization is now in its eleventh year as such. Into its membership have been received more than thirty young men, all but about a dozen having passed out and on into life's activities during that period. Ninety per cent have left their home town in pursuit of careers, the major proportion of these going to the U.S.A. Plans are now under way for carrying out an aggressive programme of many activities during the coming winter season.

In addition to the Sunday morning Bible study group, which regularly meets for discussion of themes of practical interests and helpfulness in Christian character-building, teams are formed for basket and football, as well as monthly social gatherings.

Lodge Held Silver Tea—Lodge Princess Alexandra, Daughters and Maids of England E.E., held a silver tea at the home of Mrs. W. J. Halliday on Tuesday afternoon. Songs were rendered by Mrs. W. Petrie and Mrs. P. Baker, accompanied by Mrs. Hume. Those present were Mrs. Harrison, D.D.G.P.; Mrs. C. Smith, W.P.; Mrs. Neale, Mrs. S. Smith, Mrs. Adams, Mrs. Fieldhouse, Mrs. Garton, Mrs. Dent, Mrs. Dippall, Mrs. Atkinson, Mrs. Wader, Mrs. Luth, Mrs. Temple, Mrs. Cleasby. All members are cordially invited.

Patterson united Miss Katherine Bertha Leedam to Charles N. Willard of Langford. The bride looked very winsome in a gown of Flemish blue, with a silver bandeau in her hair. She carried a beautiful bouquet of fern, and was given away by her father, Mr. C. Leedam of Cumberland. Mr. Stanley Turner of Langford was the best man. ### HEROINE OF BANK HOLD-UP IN EAST ON HOLIDAY HERE

Miss Grace Chapman Grapled With Armed Bandit in Ontario

Few young ladies of the present day have had the thrill of grappling with and disarming a bank robber, but such was the experience of Miss Grace Chapman, of the Bank of Nova Scotia at Toronto, now visiting in Victoria, accompanied by her sister as a guest at the Y.W.C.A.

The incident occurred in 1919. Two men entered the branch office of the bank at Agincourt, a Toronto suburb, during the lunch hour, and asked for change in copper currency to a value not usually kept in the till.

### EXCHANGED SHOTS

The manager stepped into the vault to get the money, but hearing a shout from Miss Chapman, seized a revolver from the vault. Upon turning the faced a man who had leaped over the counter with a gun. They shot at the same moment, and the robber dropped to the floor, shot through the eye.

### MISS CHAPMAN'S PLUCK

Just at that moment the second robber jumped across the counter and, as aimed his gun for the manager, Miss Chapman seized his hand and deflected the bullet, ultimately wresting the gun from him, while the manager, who was fast sinking from a wound in the abdomen, succeeded in wounding the bandit several times.

When the police arrived Miss Chapman was standing, revolver in hand, beside the prostrate form of the first bandit. The wounded man being removed to the hospital, Miss Chapman remarked that she would look up the bank building and phone to the head office at Toronto for instructions.

The Toronto Daily Star, in its account of the matter, said: "The daring action and brave show by Miss Chapman is the outstanding feature of the whole affair. She is a stately, young woman, and to look at her one would wonder that she could have stood the strain of the terrifying ordeal. Her courage and devotion to duty by sticking to her post and assisting the manager, though unarmed, is the talk of the village of Agincourt, where she was born and has lived all her life."

### RECOMMENDATIONS MADE

The following resolutions were passed for presentation to Hon. A. M. Manson, Attorney-General: That in criminal cases involving women and children a portion of the penalty must be women.

That in the case of drug addicts a home or sanatorium, preferably in the country, be established where outdoor employment could help in the reformation of addicts, especially in the case of boys between eighteen and twenty-one years.

In connection with prison reform it was resolved to ask the Government to establish a home for the care of the mentally deficient on the cottage system, where employment suited to mental ability may be provided.

Improvement of housing conditions for women committed to Okalla prison, and the providing of useful constructive employment for training which may prove a means of livelihood, and a cottage system of housing are advocated.

Indeterminate sentence and the parole system is recommended; also that boys under twenty-one years of age be placed under the Minimum Wage Act.

## RECORD LIST FOR WESTBOUND TRIP

### Empress of Russia to Take 901 Passengers to Orient To-morrow

With a record passenger list for the year of 901 passengers, the Canadian Pacific liner Empress of Russia, Commander, A. T. Hoeken, will sail to-morrow afternoon from this port for the Orient.

The total passenger list consists of 225 first, 116 second, forty third and 520 steerage, while her capacity cargo is made up of large consignments of flour, frozen and chilled beef, vegetables, fruit and butter, in addition to the regular parcels of lead zinc and automobiles. There is also a record shipment of motorcycle.

Several of the passengers who are already in Vancouver awaiting sailing from that port assert that conditions in the Orient are much more than past the turn and that they expect that any fighting in the future will for the most part be confined to restricted warfare between the ever-changing Chinese war lords, who from time immemorial have fought for control of districts that they favored.

**WILL CEASE ALTOGETHER**  
"It will be some time," one passenger said, "before that old time warfare of China will cease altogether. Education is, nevertheless, gaining ground in China, and it will not be many decades before such happenings are things of the past."

Prominent among the passengers are the five members of the J. P. Morgan financial party, headed by Thomas W. Lamont, director of the Chicago and Erie Railroad, en route to Yokohama. Other passengers consist of nine sisters of the Order of the Immaculate Conception for Kobe, five Jesuit fathers, Hugo Reis, the rubber magnate of Shanghai; Mrs. J. C. Gould, wife of the manager of the Standard Oil Company of New York at Shanghai; Mrs. E. L. Lang, wife of one of the largest shipbuilders of Shanghai; the well-known Liddell family of Shanghai; C. S. McDonald, Toronto, a most prominent layman in the United Church of Canada; H. Mouw, adviser in Chinese affairs to the Dutch Colonial Government; and Miss Tilley, second daughter of the British ambassador at Tokio.

Independent round-the-world travel-

ers include W. H. Malkin and two daughters from Vancouver. A commission appointed by the General Assembly of the Presbyterian Church to visit the Orient in interests of mission work will also be on board. These include C. S. McDonald of Brampton, who is accompanied by his wife and son; Rev. Dr. D. MacQuinn of Brockville, and Mrs. Daniel Strahan of Toronto.

A number of missionaries also booked for the voyage include Rev. Luther L. Young, with Mrs. Young, who expect to work among Koreans in Japan; Rev. and Mrs. J. I. Dickson, Miss Ada E. Adams, kindergarten teacher, and Miss Alma Burdick, Vancouver evangelistic workers, all of whom are bound for Formosa.

The Russia will probably arrive here about 5.30 o'clock and will clear for sea about 7.30 o'clock.

### Vancouver Approves C.N.R. Tax Agreement

Prince Rupert, Sept. 21.—The Canadian National Railways taxation agreement with the city was approved by the ratifiers yesterday, the vote being 313 in favor of and 63 against. According to the agreement, the railway company will pay \$100,000 annually for five years on all railway holdings, including the drydock, but exclusive of its local improvement and leasehold taxes.

## COMPANY HEAD TO SAIL ON AORANGI

### Sir Charles Holdsworth Will Be Among 600 Passengers on Liner To-night

Sir Charles Holdsworth, managing director of the Union Steamship Company of New Zealand, which operates the motorship Aorangi and Ss. Niagara in the Canadian-Australasian line, will be a passenger on the outbound liner Aorangi this evening. Sir Charles, who is accompanied by Lady Holdsworth, has been in Canada for some time, and is returning to Australasia.

The Aorangi, in command of Capt. R. Crawford, will arrive here from Vancouver about 5.30 o'clock this evening. She will probably sail southward at 11 o'clock after awaiting the Australian National Band, which has an engagement to-night at the Crystal Garden.

Six hundred passengers will be aboard the giant motorship when she sails, and her outbound cargo totals approximately 4,500 tons.

Other traders take a more conservative view. The Orient, they state, will be at best a feeble buyer unless grain prices undergo a radical downward revision—and none predicts a break.

## Port of Vancouver To Handle 100,000,000 Bushels This Year?

Vancouver, Sept. 21.—There is still a wide divergence of opinion in Vancouver as to the amount of grain that will be shipped this season. Some observers close to the heart of things predict a 100,000,000-bushel movement.

Should that be the case Vancouver would certainly be recognized as occupying the greatest grain export of the North American continent.

**MAY BE SECOND**  
Should that be the case Vancouver would at once become the second greatest grain export centre of North America and a formidable contender for first place, now occupied by Montreal.

Other traders take a more conservative view. The Orient, they state, will be at best a feeble buyer unless grain

## Many Shipping Men At Funeral To-day of Dr. MacLaren

Funeral services were held at the B.C. Funeral Chapel this morning at 10.45 over the remains of the late Dr. Henry MacLaren, assistant medical superintendent of the Quarantine Station at William Head, who passed away suddenly last Thursday afternoon. The simple service was conducted by Rev. David MacLaren, cousin of the late doctor.

Many beautiful floral tributes covered the casket, and those present at the service included many shipping men and a large delegation from the Quarantine Station staff, headed by Dr. Chester Brown.

After the service the remains were forwarded to Ottawa for interment, the widow accompanying the body East.

## Ranger Here To-day

With about 200 tons of cargo from Eastern Canada for discharge here, the C.G.M.M. intercontinental freighter Canadian Ranger arrived here at 1 o'clock to-day. She will sail for Vancouver after completing discharge.

The Canadian Observer was here to discharge general cargo from California last night.

## Port of Vancouver To Handle 100,000,000 Bushels This Year?

Vancouver, Sept. 21.—The "K" Line freighter Rhine Maru on arriving here early yesterday broke her own fastest run between Yokohama and Seattle by six hours. The ship was twelve days and twenty hours compared to thirteen days two hours made on a recent voyage.

The freighter brought 1,000 bales of wool and a large general cargo. H. B. Earling, vice-president and Western manager of the Chicago Milwaukee and St. Paul Railway announced yesterday that an extension of the Milwaukee dock here will be made immediately at an expenditure of \$500,000, which will give berthing space of 1,150 feet together with a corresponding increase in the warehouse space including offices, customs room and waiting rooms for the Osaka Shosen Kaisha. The decision to enlarge the terminal was made due to the growing business of the O. S. K. handled through Seattle, a large portion of its cargoes being transhipped over the Milwaukee to the East. Earling said the present quarters of the O. S. K. have become too small. The addition is scheduled to be completed by January 1.

With a cargo of between 4,000 and 5,000 reindeer carcasses, the motorship Sierra is due in Seattle to-morrow from Nome, Alaska. The vessel is completing her first voyage in the service of the newly-organized Arctic Transport Company.

**Ss. Kyle Returns With Wreckage of Hearst Monoplane**  
St. John, Nfld., Sept. 21.—The Newfoundland steamer Kyle, chartered to make a search for the lost transatlantic monoplane Old Glory, arrived last night at Bay Roberts on the east coast, bringing part of the wreckage of the plane.

The Kyle brought back a section of the torn battered wing and fuselage of the monoplane. Earlier yesterday the steamer Silver City, chartered by newspapermen working in the interests of William Randolph Hearst, backer of the ill-fated flight of the Old Glory, put out to sea from here, without waiting for the arrival of the Kyle.

The Silver City carried sealed orders and the course the ship will take was not disclosed. Capt. Sidney Bennett, local aviator, was aboard.

## No Icebergs in Travel Lanes of North Pacific

Seattle, Sept. 21.—"Icebergs may come and icebergs may go on the North Atlantic but the Japanese current in the North Pacific flows on forever."

This semi-poetic platitude was used to-day by officers of the American Mail Line in comment upon the fact that Atlantic liners carrying passengers to and from America and Europe have recently come perilously close to loose bergs adrift in the North Atlantic.

"The travel lanes of the North Pacific between American ports and the Orient are absolutely free from dangers of this kind from one year to the next," states one of these authorities. "The explanation for this immunity is found in the warm Japanese current, and in the fact that the two long 'strings' of islands known as the Kurile and the Aleutians form effective sieves or barriers against ice coming down from the Arctic."

Capt. Thomas F. Quinn of the President Madison, one of the most experienced skippers of Behring Sea and North Pacific waters, is quoted as saying that never in his long experience has he sighted an iceberg in the Great Circle route between Seattle, Victoria and Yokohama.

## General Public Is In Favor Of Challenger

Greatest Ring Spectacle of All Time Likely to Witness Astonishing Fact of Champion Going Into Ring Not as Favorite; Public Sentiment Strongly With Dempsey and Much Money Appears to Back Him; Tunney Still Convinced He Is "Man of Destiny"

## SALIENT FACTS ON BIG FIGHT

Chicago, Sept. 21.—Salient facts of the Dempsey-Tunney pugilistic spectacle to-morrow night:

Principals—James Joseph (Gene) Tunney of New York, twenty-nine, defending heavyweight champion; William Harrison (Jack) Dempsey, Los Angeles, thirty-two years old, champion from 1919 to 1926, and now the challenger.

Place—Soldier Field, on Chicago's lake front.

Time—Approximately 9:30 p.m. Chicago daylight time, 8:30 p.m. Victoria time; preliminary bouts start 8:15 p.m.

Match—Ten rounds to a decision by two judges, the referee to cast a deciding ballot only in case the judges disagree. Identity of officials not revealed until just before the fight.

Estimated attendance 150,000; capacity 170,950.

Estimated receipts \$2,750,000; sellout would mean \$3,000,000.

Tunney's share, flat guarantee \$1,000,000.

Dempsey's share, flat guarantee of \$450,000.

Price of tickets \$5 to \$40.

Promoters—George L. ("Tex") Rickard, New York, and George F. Cots of Chicago.

Probable weights—Tunney 191; Dempsey 186.

Seconds—For Tunney, Billy Gibson, Jimmy Bronson and Lou Fink; for Dempsey—Leo Flynn, Bill Duffy, Jerry Ludeke and Gus Wolf.

Radio—Fifty-six stations in international broadcasting company's continent-wide hook-up.

Chicago, Sept. 21.—The greatest ring spectacle of all time may also witness the astonishing, if not unprecedented, fact, of a challenger for the world's heavyweight title, entering the ring a favorite over the champion. If such favoritism is based on waging odds and on popular sentiment, it seems likely that Jack Dempsey will be the choice to conquer Gene Tunney in the ten-round match to-morrow night.

Although a majority of sports writers apparently favor Tunney's chances of victory, the drift of opinion among them toward a Dempsey triumph has been almost as pronounced within the past few days as the change in betting from a stage where the champion was an eight-to-one underdog to a stage where he was a favorite at 6-5.

## CONCRETE EVIDENCE

The first concrete evidence of this unusual switch in betting sentiment was disclosed by The Chicago Tribune in reporting that Packey McFarland, famous former lightweight boxer, had placed \$5,000 to \$6,000 on Tunney. It followed a general trend of reports, circulated everywhere fight crowds gathered that heavy financial backing was being accorded Dempsey's chances.

It is because of such undercurrents as this, talk of which the wise money is being waged and such events as Dempsey's heatedly suppressed "open letter" campaign against Tunney raising issues over their 1926 fight in Philadelphia that newspaper experts have displayed a strong hesitancy to put down their opinion flatly.

It is just as easy to find a critic who thinks "Tunney can't lose," as it is to locate one who believes Dempsey will "knock the champion kicking."

## TUNNEY CONFIDENT

Tunney still is convinced that he is the "man of destiny" and that the heavyweight-crown is concerned. The handsome champion, pronounced by experts at his camp, to be boxing with more speed and accuracy than a year ago when he mastered Dempsey, hopes to remove all doubt about his rulership by scoring a knockout.

Dempsey, also declared to be in the pink of condition, is equally sure of putting the crowning touch to a comeback.

Dempsey and his adherents are confident that he has regained his old punch, and is the "crusher" of his first bout. They declare him on fighting edge as a result of his victory over Jack Sharkey two months ago and faster foot, as well as more accurate in his punching than he was against Sharkey in New York.

## BOTH HAVE IMPROVED

There seems no question that Dempsey, mentally and physically, is in much better condition than in 1926. But whether at his age he has come back far enough to battle on even terms or turn the tables on the man who whipped him so decisively a year ago remains to be seen. If Dempsey has improved, so has Tunney, many critics contend. Even though Gene has been out of action, while Dempsey's form has had the sharpening benefit of the Sharkey fight, the champion has been constantly in training, leaving nothing to be done in order that he may be at his best. It will take the battle itself to determine how far Dempsey has called back the old smashing endurance.

These two modern gladiators are fighting for stakes that were not dreamed of even a decade ago. Tunney, win, lose or draw, will collect the first million-dollar purse in prize ring history, while Dempsey will get \$450,000. Smith will have received \$1,200,000 for the two most spectacular bouts—in a business viewpoint—in ring history. Dempsey got the big end of the purse a year ago, \$750,000, while Tunney collected only \$200,000.

Lincoln Field, Crete, Ill., Sept. 21.—Jack Dempsey curled up under the blankets last night for his sleep at the wind-swept training camp, confident that when he meets Gene Tunney in Soldier's Field Thursday night, he will win by a knockout within seven rounds.

The former world's heavyweight champion appeared to be in wonderful shape yesterday as he loafed around camp eating the time with his father, Hiram Dempsey, and other relatives.

## Fans In Pittsburgh Worried Because of Pirates' Bad Slump

Club Has Not Scored a Run Since Taking Applications For World's Series

Still Appear in Most Favorable Position; St. Louis Now in Tie With Giants

After a string of eleven successive victories, the Pittsburgh Pirates are experiencing a slump which has brought up misgivings from the team's followers. The Pirates are still three full games in the van for the National League pennant, but they have failed to score a single run in their last two games.

The manner of their last two setbacks is the chief cause for alarm. Dazzy Vance and his fast ball beat the Pirates last Monday by 2-0 and yesterday Bill Doak held them to two hits and gave Brooklyn another victory by the same score.

## CONTENDERS MOVE UP

While the Giants were idle, they gained half a game on the leaders and the St. Louis Cardinals, winning their fifth straight from Philadelphia, pulled up into a tie with New York for second place.

Pittsburgh still has the drop on the Giants and Cardinals and can clinch the pennant beyond doubt by winning nine of its remaining twelve games, even though New York and St. Louis both win their ten remaining contests.

New York, Sept. 21.—The Robins handed the league-leading Pirates their second consecutive shutout defeat at Pittsburgh yesterday, 3 to 0, as Bill Doak St. Louis Cardinals to make a five to two tie. Only one Pittsburgh player reached second base.

Lee Meadows allowed seven hits in the pitching duel, three of which were grouped in the fourth for two runs. With one out, Carey tripled and scored on a single by Hendrick. A double by Herman sent the second run over the plate. The other Brooklyn tally came in the seventh on successive singles by Butler and Henline and Doak's sacrifice bunt which permitted Butler to score. A pinch hitter went in for Meadows in the eighth and Dawson twirled the Pirates to a 3-0 victory.

Incidentally, the Pirates have not scored a run since the club started taking applications for world series tickets on Monday.

## HOMERS HELP

Successful homers by Frisch and Hefey in the seventh inning enabled the Pirates to make a five to one win over the Phillies and win, 5 to 4. The victory put the Cardinals into a tie with the New York Giants in second place and but three games behind the Pirates.

The Cubs made it four out of five from Boston at Chicago and fifteen out of twenty-two for the season by taking the final game, 5 to 3. The victory got a four run jump on the Cubs in the first inning by driving Lefty Weimer off the hill. Jones, who succeeded him, held the Braves safe with the exception of the second inning when Morris hit a home run. Chicago tied the score in the first two innings by bunting hits.

New York, Sept. 21.—The Athletics finished the season's series with the St. Louis Browns yesterday by winning a doubleheader by scores of 4 to 1 and 7 to 3 at Philadelphia.

Crowder blanked the Athletics in the opener. The victory was the eighth in a row for Cobb and Cochrane and a single by Fox tied the score. Al Simmons followed with a home run, behind Cochrane and Fox.

Milton Gaston was solved for six runs in the first inning of the second game and made three wild pitches, each of which allowed a runner to score from third base.

Chicago, Sept. 21.—Fair and cool weather for the "Battle of Soldier's Field," was the forecast today by Professor Henry Cox of the United States Weather Bureau.

London, Sept. 21.—The Dempsey-Tunney fight in Chicago to-morrow night is attracting great interest in British sporting circles, but so far as known little or no betting is being done on the event.

Santa Monica, Cal., Sept. 21.—Miss Marion Jack, representing the Hollywood Picture Colony, took off from Clover Field today in the monoplane "Spirit of Hollywood" for Chicago, bearing messages from film luminaries for Jack Dempsey. The machine was piloted by Frank Tommick of Venice.

Chicago, Sept. 21.—Opinions of seventy-two representative boxing writers gathered by the Associated Press on the evening of to-morrow's row's heavyweight championship, revealed a substantial majority favoring Gene Tunney.

Out of this array of critical talent, thirty-eight expressed themselves as confident of a Tunney victory, while twenty-four picked Dempsey to regain the title. Ten refused to go on record one way or the other.

Chicago, Sept. 21.—The card of battle preliminary to the Tunney-Dempsey fight to-morrow night has been revised. The fight announced to-day will provide five bouts of six rounds each, only heavyweights participating.

It follows:

George Young, Denver, vs. Yale Okun, New York.

Chuck Wiggins, Indianapolis, vs. Jimmy Byrnes, Louisville.

Big Boy Peterson, New Orleans, vs. Jimmy Ornos, of New York.

Armand Emmanuel, San Francisco, vs. George Laroque, New York.

Benny Krueger, Chicago, vs. Martin Burke, New Orleans.

Note: Harris was in service in 1918 and played independent ball in 1920 and 1921.

An American League discard, Joe Harris, may be the player who eventually will have the most to say about the winning of the 1927 pennant in the National League.

Joe Harris, as you probably know, is a member of the Pittsburgh Pirates. Already his black bat has figured in many a Pirate victory and no one, unless it be Paul Waner, has done more to keep that club in the running.

Barney Dreyfus, owner of the Pittsburgh club, is one of the shrewdest magnates in baseball. He knows the artistic end of the game as well as the financial. His estimate of a player's worth means something.

Last season, Joe Harris was a member of the Washington club of the American League. Feeling that Harris, despite a seven-year major batting average of better than .300, had slowed up so much in the field that he had become excess baggage, Washington asked for waivers on the veteran.

Now he was waived out of the American League is still a mystery to many. Had it not been for one Barney Dreyfus, Harris would have probably passed to the minors, never to again return to the big show. Joe is thirty-five, and that is pretty old for a regular.

## RECALLED THE MAN

"Harris? Where have I heard that name before?" So must Barney Dreyfus have thought when the waiver stuff on Harris was passed on to the National League. It didn't take Barney long to recall that one Joe Harris had made his club the limit of seven games in 1925 to beat Washington in the world series.

Getting out his record book, the Pirate owner learned that Harris had batted .440 against the star Pittsburgh twirler, had made eleven hits in twenty-five times at bat, many of them for extra bases, including a couple of home runs. As he recalled the liberties that Harris had taken with Meadows, Kremer, Aldridge and the other Pirate stars, Dreyfus decided that such a better could do no harm if he was on the Pittsburgh payroll. He claimed him over the draft route.

When the season opened, the slow-footed Harris was on the bench; but not for long. A spring batting slump that made it evident to Manager Bush that he could use Harris and his big black bat caused Bush to invite criticism by sending First Baseman Grantham to second and using Harris at the initial sack, to get more power.

## BROUGHT CLUB OUT OF SLUMP

The punch that Harris wielded at the bat soon made itself manifest. The Pirates immediately came out of the slump and started on a winning streak that soon put the club in the first division, where it has remained ever since. Injuries have several times forced Harris out of the line-up, but otherwise he has been in the game because of his ability to hit the ball. Recently, it was Harris, who by his hitting alone, figured in all four runs that enabled Pittsburgh to beat Chicago by a one-run margin and go into first place. There are many experts who believe the Pirates will never be dislodged.

Should the Pirates win the pennant and meet the Yankees in the world series, Harris will have another chance to wreak vengeance on his former associates.

Back in 1914, the Yankees purchased Joe Harris from the Bay City club of the Southern Michigan League on trial and turned him back as a bit shy of the majors. Thirteen years later the Yanks again waived on him.

It would be the irony of fate if Harris and his big black bat would overthrow the Yankees in the world series should Pittsburgh win in the National League.

## LLOYD WANER SETS TWO RECORDS WITH HIS MAJOR HITTING

Pittsburgh, Pa., Sept. 21.—Lloyd Waner, sensational young Pirate outfielder, equalled the modern major league record for singles in one season, and set another in the number of safeties by a first-year man in the past week, unofficial records show.

He gathered his 179th single from such Brooklyn Dodgers yesterday, tying the modern record set by Johnny Tobin of the St. Louis Browns, in 1921.

The record, however, is 100, set by Willie Keeler in 1897.

Crowther Bros., radio dealers, Yates Street, will have speakers in front of their store to receive the news of the fight.

## DEMPSEY SAYS ONLY "UNFAIR DEAL" WILL STOP HIS VICTORY

Lincoln Field, Crete, Ill., Sept. 21.—Jack Dempsey said last night only the breaks in luck or in an unfair deal can keep him from regaining his prized heavyweight championship.

"I wrote another open letter to Tunney, but I understand that his people had it stopped," Jack said. "I would like to see him personally before the fight and ask him some questions about the 'boo boo' Hoff case."

"I understand in Tunney's camp they are blaming Flynn, my manager, for that first open letter. Flynn is not to blame and I still want to know the answer. They tried to frame me last time and I do not trust them now. That can not be made too emphatic as coming directly from me."

## Court Sharply Criticizes Dempsey For Refusing to Post \$100,000 Bond

Chicago, Sept. 21.—Conviction that the Gene Tunney-Jack Dempsey heavyweight championship bout last year in Philadelphia was in violation of a writ enjoining Dempsey from meeting any one until he had fought Harry Willis, was voiced today by Judge Harry Fisher, who presided at a renewal of the Coliseum Club's suit to force an accounting with Dempsey for alleged contract violation.

The court sharply criticized the action and attitude of Dempsey and his counsel in refusing to post a \$100,000 bond as suggested yesterday by Judge Fisher, which would have permitted the court to continue the hearing until after to-morrow night's Tunney-Dempsey fight in Soldiers Field.

"I think the decision not to give the bond is ill-advised and that the defendant is committing a serious mistake," warned the judge.

Chicago, Sept. 21.—Stanislaus Loyzan, an American lightweight, was awarded the decision on a foul last night at the close of the ninth round of a ten-round match with Tord Morgan of Seattle, junior lightweight champion, at the Coliseum.

Morgan's title was not at stake, both being over the 130-pound limit.

## Glenna Collett Falls Before Canadian Star

Alexa Stirling Fraser, of Ottawa, Defeats Hard-hitting United States Girl in Women's Golf Championship; Ada MacKenzie, Also of Canada, Two Up on Her Rival, Miss Payson

Garden City, N.Y., Sept. 21.—Mrs. Alexa Stirling Fraser of Ottawa, Ont., eliminated Miss Glenna Collett of Providence, R.I., from the national women's golf championship tournament by defeating her in the second round two up and one to play.

The "battle of the ex-champions" was fought between Mrs. Fraser and Miss Collett, who were the holders of the title. Mrs. Fraser squared the count at the ninth with a par five to Miss Collett's six. Both made the first nine in 43, three over women's par.

Garden City, N.Y., Sept. 21.—Miss Ada MacKenzie, Canadian champion, led Miss Helen Payson of Portland, Me., by two up when they reached the turn in the second round of the national women's golf championship tournament to-day.

Overcoming an early lead, Miss Maureen Orcutt passed the turn one up on Miss Rosalie Knapp, Glenhead, N.Y.

Another leader at the half-way mark was Mrs. Henry Presser, Western champion, who had Mrs. Courtland Smith, Glenhead, N.J., and Mrs. Harriet Higbee, Detroit, as her opponents.

Mrs. Miriam Burns Horn, Kansas City, and Mrs. Bernice A. Wall, Oshkosh, Wis., were even at the turn.

In a Franco-American duel, the French invader, Thion de la Chaume, shot one under women's par for the first nine holes to lead Mrs. H. O. Higbie, Detroit, three up.

Miss Virginia Van Wie, Chicago, and Miss Edith Quier, Reading, Pa., were even at the turn.

## Teams Getting Ready For Soccer Opening

Canadian Scottish Have Their Team All Fixed Up to Oppose Victoria Wests at Work Point; Other Managers Are Still Busy Molding Their Teams in Order to Be Ready for Stiff Competition; Two Former Junior Eleven to Meet, While City and Esquimalt Will Furnish Headline Attraction

Although the football season is scheduled to open on Saturday afternoon, the managers of most of the teams in the First Division are still reticent in letting out just what players they have signed for the season. Some of the stars have not yet signed their forms, but it is expected that all six clubs will field pretty smart looking eleven for the day when the curtain will be hoisted up.

The 16th Canadian Scottish are not backward in letting the rest of the world know just what they have to toss against the rest of the First Division. They came out this morning bright and early with the exact lineup they will shoot at the Victoria Wests at Work Point.

SCOTTISH ELEVEN

In goal the Scottish will have Dr. Balfour Strath, who will make his first appearance in senior football here. At fullback will be Dyer and Grant and the halfbacks will be Ernie Harwood at centre and Harrison and Woolridge on the flanks. The forwards will be Harris at centre with Warburton and Carey Stuart on the left and Clarkson and Wilkinson on the right. The spurs will be Sheehy, Warburton and Campbell. The Scottish will hold a light workout at the Armories to-morrow night at 8 o'clock and all players are asked to turn out.

The Wests are now busy moulding a team to face the Scottish and it is expected that many of the greenhorns who have performed with that club for several seasons will be back. Bob Whyte, Jimmie Sheehy, Eddie Popham, Bill Fasmore, Dunn, Pat Mulcahy, Cyril Connerton and Johnny Feden are among those expected to be on deck this season.

## Whitcombe Beats Duncan After Two Additional Holes

CORRECT COSTUMES  
OF INDIANS SHOWN  
IN COLUMBIA FILM

Consternation reigned in the wardrobe department of Universal Studios,

Universal City, Cal., when Edward Sedgwick, who wrote and directed the super-Western spectacle "The Flaming Frontier," now playing at the Columbia Theatre, remarked casually one day that he would soon put in an order for two or three thousand Indian costumes. "Not just Indian costumes," he added. "I want correct costumes of all the tribes of the Dakotas, the Sioux, the Sante Arc Sioux, Ojibwas and Assiniboines; Blackfeet and Chippewas, and—oh, I'll send you the list with the order." Now it takes more than an order for a few thousand costumes to freeze the Universal wardrobe gang, but investigation proved that the difference in dress between the various tribes was so slight that only attention to the minutest details would insure the correctness insisted upon by all the director. However, when the Battle of the Little Big Horn was finally staged the Indian costumes "were there," worn by as many "braves," ready to reproduce the thrilling climax of "The Flaming Frontier"—the Custer Massacre.

LON CHANEY DOES

IN "THE UNKNOWN"

Lon Chaney, he of uncanny disguises and strange roles, completed what is probably the strangest of all his tricks before the camera in "The Unknown," his new Metro-Goldwyn-Mayer starring vehicle, now playing at the Dominion Theatre. He played an armless freak in a circus sideshow, using his feet in lieu of hands; he threw knives, fired a rifle and did other strange things for his "act," and, as the armless wonder in private life, ate, drank, smoked, read and played cards—all with the use of his toes.

It took him weeks of practice to perfect himself for the queer role. In his circus act he ringed the form of Joey Crawford, with flying steel, throwing the knives with his feet, as one of the thrills of the new play.

GREAT PREPARATIONS  
NEEDED FOR COSTUME  
DETAILS OF PICTURE

It took five months of active research work to establish costume and custom details of the twelfth century, the period of "Richard the Lion-Hearted," the Associated Authors' screen version of Scott's novel "The Talisman." An Allied Producers and Distributors Corporation release, showing at the Coliseum Theatre. Great shelves of notes on dress and etiquette; on court manners and procedure; on architecture and furniture were in the possession of the Associated Authors at the end of that time as the result of their preparation work for filming this "romance of the third crusade." Much of the study of the musty volumes entailed in preparation was done by Dr. A. A. Woods, who also did the research work for "Douglas Fairbanks in Robin Hood."

"CAT AND CANARY"  
IS THRILLER FOR  
MYSTERY LOVERS

Everyone who has taken an interest in attempting to solve mysteries is promised the thrill of a lifetime in the "The Cat and the Canary," the feature attraction at the Capitol Theatre this week. "The Cat and the Canary," a Universal production with an all-star cast headed by Laura La Plante, is said by those who have seen its preview to be by far the most mysterious mystery ever filmed. Six people, three women and three men, go with an attorney to a supposed haunted house to hear the reading of a will. The attorney is murdered—each of the six persons might have done the killing. In addition to Miss La Plante, the cast embraces some of the best-known names of filmdom, including among many others, Arthur Edmund Carew, Forrest Astor, Creighton Hale, Gertrude Astor, George Siegmann, Flora Finch, Martha Mattox and Tully Marshall.

A. LEGGE WILLIS  
COMEDY COMPANY  
TO OPEN SEASON  
AT CRYSTAL GARDEN

On Friday evening the Co-Optimist Comedy Company return to the Crystal Garden to continue a series of popular comedies. During the past two years this company of talented artists, under the direction of Mr. and Mrs. Legge-Willis, have entertained large and appreciative audiences on dress and stage at the Crystal Garden. So popular have these entertainments proved in the past that they will be continued each Friday evening during the coming winter. For the initial concert of the season Mr. Legge-Willis has selected a clever farce entitled "Under False Colors." It describes how a young naval officer makes a bet with a brother officer that he can secure a ring from the latter's fiancée, even though at that time he had not met the lady. He is given a half hour to secure the ring, which naturally calls for fast work and leads to many amusing complications.

The Crystal Garden concert orchestra, under the leadership of William

## Pender Island

Pender Island, Sept. 21.—Wm. Young and Donald Fraser came out from Victoria last week for a few days' hunting.

Mrs. Geo. E. Norris and family of Victoria are visiting Mrs. Norris's parents, Mr. and Mrs. Alex. Hamilton, Miss M. Hamilton of Vancouver is also a guest of her cousins at "The Knolls."

Mr. and Mrs. Stroupe are guests of their sister and brother-in-law, Mrs.

F. W. Garrett and Mrs. Garrett, having motored up from California.

Miss Grace Smith, who has been on the nursing staff of the Campbell River Hospital for some time, is visiting her brother and sister-in-law, Mr. and Mrs. F. O. Smith, at Welcome Bay.

Rev. J. K. Unsworth, D.D., and Mrs. Unsworth are preparing to leave for their new home in Victoria after a very happy two-year mission here. Dr. Unsworth will deliver his farewell message on Sunday next, the occasion also marking the close of his fortieth year in the ministry, and his formal retirement from active service in the United Church.

At the meeting of Victoria Presbytery last week it was decided to amalgamate the two existing incumbencies of Salt Spring and Pender Islands into one mission field, the missionary in charge to be an ordained man with full salary and to reside in the manse on Pender. Services will be held as usual in the United Church here on Sunday morning, while the plan calls for a service at Fulford, South Salt Spring, in the afternoon, and another at Ganges in the evening, the missionary returning to Pender the middle of the week. No appointment has been made as yet, but it is expected the post will be filled immediately and services continue without interruption.

The Young People's Society held their opening meeting of the season on Friday night in the clubroom, Rev. J. K. Unsworth, D.D., in the chair. Lawrie Auchterlone was chosen to act as president for the next three months, Stephen Adams, vice-president; Miss M. McIntyre, secretary, and Miss Edith Bowerman, treasurer. Mrs. Wm. Mollison was elected convener of programme committee, and Mrs. W. B. Johnston convener of social committee. Plans were considered for the presentation of a play during the early fall, and Mrs. Mollison and Miss Edith Bowerman were appointed to select a cast for the proposed production. The meeting then adjourned for a social time.

Pender residents are feeling highly elated over having again won first prize for their district exhibit at the

The Women's Missionary Society met at the home of Mrs. Walton Bowerman on Thursday afternoon.

Mrs. Pearson Found Relief In Dodd's Kidney Pills

"I have used Dodd's Kidney Pills for many years," says Mrs. J. W. Pearson, 3 Hill St., Amherst, N.S. "About two years ago I could hardly straighten my back until I got two boxes of Dodd's Kidney Pills. After taking them my backache vanished. I was troubled again this winter, when I again tried your remedy and found it all right."

Dodd's Kidney Pills put the kidneys in shape to do their full work of straining all the impurities out of the blood. They have relieved thousands of female sufferers all over Canada.

ION-A-CO  
All Over  
Two Nations  
A Simple Treatment for  
Those Who Suffer  
—and It's Effective!

Hundreds of people in Victoria have told us of the relief  
they have obtained by the use of this simple, natural  
remedy. Many have been so impressed with the health-  
giving qualities of this magnetic belt discovery that they  
have not hesitated to write testimonials giving their ex-  
perience. The following is an example:

Dear Sir—

I wish to add my testimony to the benefits of the  
I-on-a-co Belt. I have been suffering intense pain with  
rheumatism for more than six months and was advised to  
use the I-on-a-co Belt, and must say the result is won-  
derful.

I suffer no more pain and I feel more fit than I have  
done for a long time.

The I-on-a-co Belt is the simplest and easiest way to  
recover health which I have seen. I recommend this belt  
to anyone who is in need of relief.

Yours truly,  
H. BOGART.
